How do I connect my Roborock device to Wi-Fi on an iOS device?

1. Download the Mi Home(Xiaomi Home) from the App Store.

2. Register for a Mi Home account using your phone number (Skip this step if you already have a Mi account).

3. Add Roborock Device

Notes:

- a. Make sure your phone is already connected to Wi-Fi;
- b. Open the top of your cleaner to see the Wi-Fi indicator light during the connection process.

- 3.1 Sign in to you Mi Home account.
- 3.2 Tap the "+" icon, and then choose "Add a device" .

3.3.1 You can choose to let the app search for nearby Bluetooth device, if the device is found, you can click

3.3.2 If the nearby device is not detected, you can add the device manually. Please scroll down, and find the "Cleaning" category. Then click "Robot vacuum", and then choose your model.

Reset device

Roborock S7

Open The Upper Cover And Find The Wifi Indicator. Press And Hold The (Clean/Power) And (Dock) Buttons Until You Hear The Resetting Wi-Fi Voice Alert. The Robot Will Then Wait For A Connection When The Wifi Indicator Flashes Slowly.

3.5 Select your home Wi-Fi and input your Wi-Fi password.

3.6 Tap "Connect to device' s Wifi". Then you' II be brought to the WLAN settings of your phone. Select Wi-Fi network named "roborock-vacuum-xxxx" to connect.

Note: It doesn' t matter if it shows as "Unsecured Network" or "No Internet Connection" underneath the robot' s wifi.
