How do I connect my Roborock cleaner to Wi-Fi using an Android device?

1. Download and install Mi Home(Xiaomi Home) from Google Play.

2. Register for a Mi Home account using your phone number (Skip this step if you already have a Mi account).

< Mi Accou	int - Sign up	< Mi Account -	Sign up	< Mi Account - Sign up

3. Add Roborock device.

Notes:

- a. Make sure your phone is already connected to Wi-Fi;
- b. Open the top of your cleaner to see the Wi-Fi indicator light during the connection process.

3.1 Sign in to your Mi Home account.

3.2 Go to your phone' s settings and give Mi Home access to your location.

3.3 Tap the "+" icon, and then choose "Add a device".

3.4 Add a device

3.4.1 You can choose to let the app search for nearby Bluetooth device, if the device is found, you can click it and go the next step.

3.10 Once the robot's wifi is selected, the robot will say "connecting to wifi", and the wifi indicator light will flashing rapidly. Then go back to the Mi Home app. Wait until your device connects to the Wi-Fi. The Wi-Fi indicator on the top of your vacuum will go from flashing to solid on, and robot will say " wifi connected" if it has connected successfully.
